WebCAMP is a flexible software system that the Indiana CTSI uses for its internal pilot funding programs, as do many CTSAs across the nation.

Using this system has 3 basic steps:
1. Creating a username and password (if this is the first time logging in)
2. Uploading an application
3. Checking the application for completeness

The following pages provide a step-by-step guide through this process.

For questions please contact the Translational Research Development Program at trnsldev@iu.edu or 317-278-2822

Instructions

Initiation of application

1. Download all the documents you will need for this competition from https://indianactsi.org/researchers/services-tools/translational-research-development/open-funding-opportunities/
2. Please click on the ‘Start a submission’ link for the competition. You will be directed to the Indiana CTSI WebCAMP application site.

3. Fill in your last name, first name, and a short name for your study.
   • If you are submitting the application on behalf of your Principal Investigator, please enter your PI’s last and first name in the space provided.
   • If you are submitting a fellowship application YOU are the Principal Investigator, not your mentor
4. If you had previously created an account on Indiana CTSI WebCAMP System, the system will recognize you, based on your first and last name. If not, you will be directed to enter basic profile information, as illustrated below.

   **NOTE**: When creating an account for the first time, it is strongly encouraged that you use your institutional email address to facilitate registration.
